- Plant materials
moss, conifers, seed heads,
dried fruits, berries, pine cones,
*holly, ivy, heather, yew, box,
eucalyptus, pine, cedar, rosemary,
thyme, lavender...

at the Haxwell
Xmas 2022

STEP 1

FORAGE!

(Ask for permission on private property)
Make sure not a protected plant
Always leave enough for wildlife
and to make sure the plant will live!

STEP 2

MOSS BASE

Optional but looks more lush and
will help the wreath last longer

Make a "sausage" with the green
on the outer side, covering the
metal base as you go.

Tie around with string
and secure tightly all
around.

STEP 3

GREEN BASE (optional)

Make 6 posies of the bushier plants
like spruce, pine, cedar and place
around the wreath.

Cover the bottom part of the posie
(secured with florist wire) with the
following one. Go all around the wreath
(or not!)

STEP 4

DECORATE

Do the same, choosing the colours
and patterns you prefer. Finish with
fruits, pine cones, cinnamon bundles...
